From the Editor

It's that time of the year where once again we ask people to think about supporting their neighborhood and as JFK once said – "It's not what your country

(NEIGHBORHOOD) can do for you; it's what can you do for your country (NEIGHBORHOOD). Please seriously think about it. We have A LOT of new neighbors and I'm sure they have a lot to offer in the way of experience, expertise and wisdom! Please feel free to contact a Board member to see what holding office entails
